*(Additional services/supplies needed, water features, chemical needs, equipment location, etc.)*

# Residential Inground Pool Closing Contract

1. TVPS will **NOT** perform any work/services other than what has been indicated on this contract.
2. TVPS will not be held responsible and/or liable for damages or added expenses caused by pre-existing conditions due to age and/or neglect of pool or spa prior to this contract. This includes but is not limited to liner, skimmer, or main drain leaks or any other condition that is suggested to be repaired prior to pool closing. TVPS will inform the homeowner of any possible issues and will document accordingly.
3. Upon winterization, TVPS will not be expected to be responsible for any missing/damaged items of pool equipment stored on homeowner's property under their care.
4. TVPS will not drain your pool. If your pool is not at adequate level services will not be done.
5. **Spa Closings:** TVPS will record photographic proof that the spa is empty. TVPS is not responsible for freeze damage to spas due to leaking or damaged covers that allow water in.
6. **Cancellation:** TVPS reserves the right to cancel this contract in the event of non-payment. The customer may cancel this contract at any time before the date of completion by calling TVPS service department at (865) 622-7760.
7. **Delays:** In the event of sickness, inclement weather, or other unforeseen circumstances, TVPS may delay the completion of this contract. We will, however, do our best to accommodate you as soon as possible.
8. **Travel Charges:** TVPS reserves the right to charge travel/mileage charges if location of pool/spa is outside of TVPS service radius.
9. **Water features:** If you have water features or accessories that you neglect to add to the form TVPS will open/winterize them and you will be charged accordingly.
